Independent Auditor’s Report

To the Board of Directors
Joyce Meyer Ministries, Inc.
Fenton, Missouri

We have audited the accompanying financial statements of Joyce Meyer Ministries, Inc. (the Church), a nonprofit organization, which comprise the statement of financial position as of December 31, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Joyce Meyer Ministries, Inc. as of December 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter
As discussed in Note B.13 to the financial statements, in 2019 the Church adopted new accounting guidance regarding revenue recognition and related disclosures. Our opinion is not modified with respect to this matter.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2019

NOTE A - ORGANIZATION AND CHURCH VISION
Joyce Meyer Ministries, Inc., headquartered in Fenton, Missouri, is organized and operated as a church dedicated to Christian and charitable purposes. In its ministry as a church, Joyce Meyer Ministries, Inc. (the Church or JMM), conducts regular services locally and worldwide, teaching biblical principles. Through its daily media outreach, millions of people receive the life-changing biblical teaching through the Church’s television and radio programs, CD’s, DVD’s, digital downloads, books, websites, streaming, social media channels and conferences. The Church’s missions and outreach programs include rescuing people from human trafficking, medical/dental outreaches, water relief, feeding programs, relief for refugees, visiting those in prison, helping in inner cities, ministering to the elderly and reaching out and training people of all ages. The Church provides funding and helps oversee several children’s homes that supply food and shelter to needy children. The Church provides global humanitarian aid to hurting people and disaster relief when possible to those in devastating situations. As of December 31, 2019, the Church employs 402 individuals to carry out its Christian and charitable purposes.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
1. Basis of Accounting
The financial statements of the Church have been prepared on the accrual basis of accounting. The significant accounting policies are described below to enhance the usefulness of the financial statements to the reader.

2. Revenue Recognition
The Church reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. Gifts and contributions received with donor stipulations that limit the use of the asset are reported as with donor restrictions. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions.

The accompanying notes are an integral part of these financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

2. Revenue Recognition - Continued
restrictions if the restrictions expire in the fiscal year in which the contributions are recognized.
No amounts have been reflected in the statements for donated services since no objective basis is generally available to measure the value of such services; however, a substantial number of volunteers have donated significant amounts of time to the Church's program services. During 2019, approximately 22,400 hours were donated from volunteers for meetings and conferences.
The Church commonly exchanges educational resources with donors based on a designated contribution. For the year ended December 31, 2019, the cost of these direct donor benefits was approximately $1.9 million. These costs are reported as an offset to contributions in the statement of activities.
Registration and sales revenue are recognized at the time services or goods are provided and the revenues are earned based on satisfaction of the Church's related performance obligation.
Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is when the conditions have been fulfilled. Contributions of assets other than cash are recorded at estimated fair value.
The Church receives contributions in which a portion of the amount given by donors represents a share of the direct costs of benefits received by donors. Unless otherwise verified, the fair value of gifts received with an offer is usually measured at the retail price.

3. Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported
declarations.

3. Use of Estimates - Continued

amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Cash and Cash Equivalents
The Church considers all highly liquid investments with an original maturity of three months or less to be cash equivalents for the purposes of the statement of cash flows. Deposits in excess of Federal Deposit Insurance Corporation’s (FDIC) coverage were approximately $8,539,000 at December 31, 2019. The Church maintains sufficient cash resources to cover near-term working capital needs.

5. Accounts Receivable
Accounts receivable are recognized on the accrual basis of accounting. Management believes these amounts to be fully collectible. Accounts receivable consists principally of reimbursements and refunds from vendors.

6. Inventories
Inventory consists of books, CDs, DVD’s and all other related items utilized in the media operation of the Church. Inventory is valued at the lower of cost or net realizable value, with cost determined on the first-in first-out basis.

7. Fixed Assets and Depreciation
Expenditures and donated fixed assets in excess of $5,000 are recorded at cost if purchased or estimated fair market value if donated. Depreciation of fixed assets is provided over the estimated useful lives of the respective assets on a straight-line basis, ranging from 3-40 years. Expenditures for repairs and maintenance are charged to operating expense as incurred.

The Church records impairment of property and equipment when it becomes probable that the carrying value of the assets will not be fully recovered over their estimated useful lives. Impairments are recorded to reduce the carrying value of the assets to their net realizable value based on facts and circumstances in existence at the time of the determination. No impairments were recorded during the year ended December 31, 2019.

8. Certificates of Deposit, Investments and Other Investments
Certificates of deposit held for investment that are not debt securities are carried at cost. Interest rates on the certificates of deposit range from 2% to 3.3% at December 31, 2019. The certificates of deposit held by the Church as of December 31, 2019 will mature during 2020, 2021 and 2022; although not expected to occur, the Church has the ability to redeem the certificates prior to their maturity.

Investments consist of investments in mutual funds and a hedge fund and are recorded at fair value as further described in Note D. Dividend, interest and other investment income, net of fees of approximately $29,000 for the year ended December 31, 2019, is reported in the period earned as increases in net assets without donor restrictions unless the use of the assets is limited by

doctor-imposed restrictions, in which case the earnings are reported in the same
category as the donations.

Other investments represent unsecured deposit investments, which are
carried at cost, and totaled approximately $1,152,500 with an interest rate of
2.75% as of December 31, 2019. Accumulated interest remains in the deposit
account, although not expected to occur, the Church has the ability to
withdraw funds at any time.

9. Compensated Absences

Full-time employees of the Church receive paid vacation and personal days off,
depending on job classification, length of service and other factors. Compensated
absences earned but not paid as of December 31, 2019 have been accrued.

10. Deferred Revenues

Deferred revenues are generated from registration fees collected for 2020
conferences and medical outreaches.

11. Income Taxes

The Church is exempt from Federal income taxes under Section 501(c)(3) of the
Internal Revenue Code and is further classified as a church, as such, the Church
does not file income tax returns.

12. Expenses

Advertising Costs – The Church expenses advertising costs as they are incurred.

Allocation of Fundraising Costs – The Church allocates fundraising costs in
accordance with ASC 958-720-05, Accounting for Costs of Activities of Not-for-
Profit Organizations and State and Local Governmental Entities That Include
Fundraising. Joint costs affecting programs and fundraising have been reviewed
by management and meet the criteria established by the accounting standard.
During 2019, approximately $38 million of television and radio ministry expenses,
meeting expenses, monthly mailing costs, and other expenses have been
allocated to fundraising.

The expenses that are allocated include office and occupancy, which are
allocated on the basis of usage or square footage as well as salaries and
benefits, which are allocated on the basis of estimates of time and effort or
employee count.

13. Change in Accounting Principle

Effective January 1, 2019, the Church adopted ASU 2014-09, Revenue from
Contracts with Customers, using a modified retrospective approach. The new
revenue recognition standard is intended to clarify the principles of recognizing
revenue from contracts with customers and to improve financial reporting by
creating common revenue recognition guidance for U.S. GAAP and International
Financial Reporting Standards. This ASU and its subsequent related
amendments have been codified as ASC Topic 606, and supercede the
revenue recognition requirements in ASC Topic 605, Revenue Recognition, and
most industry-specific guidance.

Entities are required to apply the following steps when recognizing revenue
under ASU 2014-09 (1) identify the contract(s) with a customer; (2) identify
the performance obligations in the contract; (3) determine the transaction price; (4)
allocate the transaction price to the performance obligations in the contract; and
(5) recognize revenue when (or as) the entity satisfies a performance obligation.
This ASU also requires additional disclosures related to the nature, amount, timing,
and uncertainty of revenue and cash flows from customer contracts.

The adoption of this standard did not have an impact on the Church's financial
statements, as the revenue recognition policies under the new guidance are
consistent with the Church's previous policies.

14. Subsequent Events

The Church evaluated its December 31, 2019 financial statements for
subsequent events through April 14, 2020, the date the audited financial
statements were available to be issued.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties
have arisen which are likely to negatively impact the Church's contributions and
investments. The potential financial impact and duration of this occurrence
cannot be reasonably estimated at this time.

NOTE C - LIQUIDITY AND AVAILABILITY

The Church strives to maintain liquid financial assets sufficient to cover 90
days of general expenditures. Financial assets in excess of daily cash
requirements are invested in certificates of deposit, money market funds and
other short-term investments.

The following table reflects the Church's financial assets as of December 31,
2019, reduced by amounts that are not available to meet general expenditures
within one year of the statement of financial position date. Amounts not available
include certificates of deposit with limitations as more fully described in Note B.B.
Amounts not available for general expenditure within one year also may include
net assets with donor restrictions.

Net assets with donor restrictions at December 31, 2019 were restricted for the
next period and are considered available:

- Cash and cash equivalents: $12,205,833
- Certificates of deposit: 4,200,000
- Investments: 5,697,911
- Other investments: 1,525,794
- Accounts receivable: 427,668
- Pledges receivable: 125,175
- Due from affiliates: 125,175

Total financial assets: 24,207,945
Financial assets with liquidity horizons greater than one year: (4,262,775)
Financial assets available to meet cash needs for general
expenditures within one year: 19,945,170

NOTE D - FAIR VALUE MEASUREMENTS AND INVESTMENTS

The Church has adopted ASC 820, Fair Value Measurements and Disclosures, for
all financial assets and liabilities measured at fair value on a recurring basis. The
statement defines fair value as the price that would be received to sell an asset
or paid to transfer a liability in an orderly transaction between market participants
at the measurement date. The statement also establishes a framework for
measuring fair value and provides a fair value hierarchy that prioritizes the inputs
to valuation techniques used to measure fair value.

The fair value hierarchy is as follows:

Level 1:
- Unadjusted quoted prices for identical assets or liabilities in active markets
  that the Church has the ability to access.

Level 2:
- Quoted prices in active markets for similar assets and liabilities
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable
  market data by correlation or other means.

Level 3:
- Inputs to the valuation methodology are unobservable and significant to
  the fair value measurement.

The inputs used to measure fair value may fall into different levels of the fair value
hierarchy. In such cases, an investment's level within the fair value hierarchy is
based on the lowest level of input that is significant to the fair value measurement.
The Church's assessment of the significance of a particular input to the fair value
measurement is its entirety requires judgment, and considers factors specific to
the investment.

The Church's investments in mutual funds are valued at the daily closing prices
as reported by the fund, which are actively traded, open-end funds required to
publish their daily net asset value (NAV) and to transact at that price.

The Church's investment in a multi-strategy “fund of funds” hedge fund is valued
at the fair value measurement.

Investment securities are exposed to various risks such as interest rate, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term may materially affect the amounts reported in the financial statements.

NOTE H – NET ASSETS

Board-designated Endowment
In November 2019, the Church’s Board of Directors established a board-designated endowment. The initial contribution in 2019 consists of investments and certificates of deposit held by the Church at the time of the resolution. The funds are invested to seek growth of principal over time; however, any income, principal, appreciation on principal or other moneys held in the endowment fund may, with Board approval, be used for the following purposes:

• Emergency funds
• Long-term investment
• Maintenance and support of the physical assets of the Church
• To encourage, receive and administer gifts from donors
• Outreach ministries
• Seed money for new ministries and special projects
• Such other purposes as may be specifically designated by donors of the Church whose gifts are included in the endowment fund
• Such other purposes as the officers of the Church deem appropriate and reasonable expenditures

Changes in endowment investments by net asset composition for the year ended December 31, 2019 are as follows:

Investment and Spending Policies
The overall investment objective of the Church is to maximize the return on invested assets while minimizing risk and expenses in order to fulfill its mission more completely by developing its ministries beyond what is possible through annual operating funds. This is done through prudent investing and planning, as well as through the maintenance of a diversified portfolio. Investment returns are achieved through capital appreciation, realized and unrealized, and current yield, such as interest and dividends.

The Church’s Board of Directors has interpreted the Missouri Uniform Prudent Management of Institutional Funds Act (UPMIFA) for donor restricted funds and as it applies to Board-designated endowments. As of December 31, 2019, there were no funds in the endowment with donor restrictions.

Net Assets with Donor Restrictions
As of December 31, 2019, the Church held net assets restricted by donors, totaling $175,175, of which $125,175 was for expenditures in future periods and $50,000 was for missions and outreach.

During the year ended December 31, 2019, $48,378 in donor-imposed net asset restrictions were released by incurring expenses in satisfaction of the restricted purposes or by the occurrence of other events specified by the donors.

NOTE I – CAPITAL LEASE
The Church was the lessee of equipment under a capital lease, which expired in October 2019. The final lease payments were made in 2019.

NOTE J – COMMITMENTS AND CONTINGENCIES

Airtime – The Church has radio and TV airtime contracts extending to 2020. These contracts may be terminated with a fourteen to sixty day notification. The average monthly cost of these contracts is approximately $1.7 million.

Self-insurance – The Church self-insures for workers’ compensation, employee health and dental claims. Operations are charged with the cost of claims reported and an estimate of claims incurred but not reported. A liability for unpaid claims and the associated claim expenses is recognized as an expense and accrued at year-end. The determination of such claims and expenses and the appropriateness of the related liability are continually reviewed by management and a third party. The Church has purchased stop-loss insurance to supplement the plans, which will reimburse the Church for workers’ compensation claims in excess of $400,000. Medical stop-loss insurance is purchased to reimburse individual medical claims in excess of $125,000 and $6,467,788 in the aggregate. Dental claims are capped at $1,500 per insured person per year. The Church self-insures dental claims at 100%.

Litigation – The Church is occasionally involved in litigation as either a plaintiff or defendant arising in the normal course of its activities. The results thereof are not expected to be significant to the Church’s financial position or operating activities. The Church purchases general liability insurance with a self-insurance retention limit of $50,000 per claim and a limit of $1,000,000 per claim and $3,000,000 aggregate. The Church also purchases umbrella liability coverage with a limit of $20,000,000 to cover claims in excess of the underlying general liability limits.

NOTE K – RETIREMENT PLANS
The Church maintains retirement plans that cover full-time employees who participate and are at least 18 years of age. Contributions to the plans during 2019 were approximately $775,000.

NOTE L – SUPPORT OF OTHER MINISTRIES
During the 1990’s, Joyce Meyer Ministries, Inc. began to finance the establishment of similar international ministries called Joyce Meyer Ministries Canada (Vancouver), Joyce Meyer Ministries Australia, Joyce Meyer Ministries England, Joyce Meyer Ministries South Africa, Joyce Meyer Ministries Germany and Joyce Meyer Ministries India. During 2019, the Church received approximately $1.5 million in contributions from affiliates and earned approximately $588,000 in revenues from sales of services to affiliate organizations. The Church has no outstanding loans due from its international affiliated ministries as of December 31, 2019.

The Church provides broadcasting airtime, supplies, and various other services including marketing and distribution services to some of its international affiliated ministries without charge. Total donated goods and services provided to affiliates totaled approximately $4.6 million in 2019 to support the mission of those entities. All expenses incurred by the Church on behalf of these affiliates have been recognized as missions and outreach in the statement of activities.

INDEPENDENT ACCOUNTANT’S REPORT ON MANAGEMENT ASSERTIONS

Independent Accountant’s Report on Management Assertions

To Supporters of
Joyce Meyer Ministries, Inc.

We have examined the assertion of management of Joyce Meyer Ministries, Inc. (the Church) that, for the year ended December 31, 2019, compensation approved by the Board of Directors and provided to Joyce Meyer consisted of salaries, including taxable fringe benefits, of $250,000, a housing allowance and contributions to retirement plans. We also examined the assertion that, during 2019, gross profits received by the Church from the sale of Joyce Meyer’s books and honorariums received by the Church for Joyce Meyer’s speaking engagements exceeded her total compensation described above. Joyce Meyer Ministries, Inc.’s management is responsible for the assertions.

Our responsibility is to express an opinion on the assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management’s assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management’s assertions. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatements of management’s assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management’s assertions referred to above are fairly stated, in all material respects.
